#### February Meeting

Show & Tell (a crowd favorite, back by popular demand!)...so dust off that gear, that story, those long-ago memories, or whatever you want to show us/tell us...please see VP-Vaden's comments about "the rules" elsewhere in the Bulletin.

#### The Amateur Radio Parity Act of 2015

If you haven't written to express your support for this important legislation, please go here for details and "how to" instructions:

<http://www.arrl.org/amateur-radio-parity-act>

#### DX Anxiety

*VP8STI, VP8SGI, and K5P are history...*I hope all SEDXC-ers who needed these rare entities for ATNOs (like me) were able to put them in your log...now we can our attention to VKØEK, P5/3Z9DX, FT4JA, 3C7GIA, and others.

#### FS/K8EAB

When this Bulletin reaches your in-box, most likely I will be operating as FS/K8EAB with the Caribbean Buddies DX Group. This is not a "tent and generator" expedition

#### **Last Month's Meeting**

The January 2016 program was presented by Mike Greenway, K4PI, a long time member of our club. His expertise was welcomed by all attending as he gave us very useful information on "How to Work DX on 160." We all learned a lot and he offered to provide a list of his topic references to be posted on the SEDXC website. Still works in progress at this time. Thanks, Mike!

#### **This Month's Meeting**

**Date/Time:** Thursday February 18<sup>th</sup> @ 7:30 PM

**Location:** Rich Auditorium, Piedmont Hospital  
Details at [www.sedxc.org](http://www.sedxc.org)

**Title: Show-n-Tell**  
**Speaker: YOU**

Our February meeting will be a "Show and Tell". All are invited to bring their favorite or funniest item to show. It must be able to fit through the doors, and you must be able to carry it with only one helper.

A favorite rig, a favorite accessory, something home-brew, something new or something borrowed. Something from the shack or maybe something you use when traveling. If it's something from your operating station, please remember how to put it back.

but more like a Rum Punch and Room Service one.

You may QSL via LoTW, eQSL-AG, or direct to K8EAB. I will upload to Club Log after every on-air session. Our group went to this same island/villa back in 2009. You can view a brief video [HERE](#). We anticipate operations on 160-10 meters, CW/SSB/Digital from both FS/ and PJ7?. Our team has a total of eight operators.

**You will see spots for FS/K8EAB <g>**

Jim W4QO is progressing slowly. Please continue to keep him and his family in your thoughts and prayers.

73, and good DX!

## Veep's Report (cont.)

And, this will be a great time to find something in the shack for the raffle table...

## March 2016 Meeting

**Glenn Petri KE4KY**, who provided us with a program in October 2015, has agreed to do another webcast on his 2012 DXpedition to Campbell Island, ZL9HR. We look forward to hearing more detail and seeing images he has of that location. Glenn and other hams who spend personal funds and put themselves at risk while traveling to remote islands are appreciated.

Remember, we the club does donate to qualified DXpeditions and personal donations beyond what the club provides is always a good idea. These guys are not living in resort style lodgings and eating 5-star cuisine just to bring us new or ATNOs. Support them if you can.

See you in the pileups,
