*THE
SOUTH'S
PREMIER
DX CLUB*

August 2000

**NEXT MEETING: Aug. 15th, 7:30 PM
at Radioshack.com, just north above
I-285 on Buford Hwy**

SEDXC MINUTES 7/00

-Dale Nordin, K4HGG, Sec.

PRESIDENT'S CORNER

-Mike Greenway, K4PI

Just another month or so and maybe we can get back to some better conditions. Less QRN and some better 10/12 M. Nothing going on here except a few antenna projects.

Built a second 6 M antenna and I am going to phase them together. It has been too hot for much work. Still have the reguying of the towers in progress and maybe if it cools off some I will get back to that.

K4UEE is supposed to give us a program this month on the A52 trip.

I have not been getting many pictures of stations to put on our web page. I would like to see pictures with the operator in the shot. Send it in JPEG format please. We sent out a members list which is always being changed. The most correct and up to date list is on the web site. If you want to add your email address and/or phone number to the web list please let me know and I will add it.

A good hamfest is coming up on Labor Day weekend, the Shelby NC hamfest.

If you have not renewed your membership yet, it is that time of year. Hope to have you with us this year. If there are any programs you would like to see please let me know.

73 Mike Greenway, K4PI, P49I

There was no meeting in July.

TREASURER'S REPORT

-Nancy Draheim, NK4U, Tres.

There has been no change since last month. **Please send in your renewals.**

See you at the meeting.

73, Nancy NK4U

HELPFUL HINTS

-Dick Bentley, K2UFT

If any of you have as much visual trouble as I do working on printed circuit boards, I found a "Head Magnifying Glass" (Strange name) at a shop called "Tools...and More" in the Tanger Outlet Mall (II) in Commerce Georgia for the grand price of \$8.99. It is the usual visor but has four levels of magnification (1.8, 2.3, 3.7, 4.8) using a flip down internal lens for most of the combinations and a swing down loupe for one eye on the higher levels. I have seen this store in other Tanger Outlet Malls, so should be widely available. No manufacturer or distributor's name (other than made in China P23 II), but it does have this cute warning: "When glass is dirty, clean it with alcohol or neutral washings, otherwise the glass will become VAGUE."

73 Dick K2UFT

**August Program
A52A by Bob, K4UEE!!**
