

SOUTHEASTERN

DX

CLUB

DX ALERT 147.500 - RAGCHEW 147.540

*** AUGUST MEETING ***

Date: August 18, 1981
Time: 7:30 PM
Place: P'tree Rd. Lutheran Church
3686 P'tree Rd. NE
Program: Dr. Ed - W4MGN in Africa

*** AUGUST PROGRAM ***

Ed Richmond - W4MGN will show slides and tell of the many places where he has operated in Africa. This program is not the one that Ed will do at DXPO. This program will be about the African trip of 1980. This 1981 trip that Ed is on now, will be one of the programs at DXPO. We may, however, get Ed to give us a little preview with regard to his being in The Gambia during the recent revolt and military takeover.

*** DX NEWS ***

The trip by J28AZ to operate from 70 (South Yemen) has been postponed until Sept. or Oct. I sure hope he's not there on the weekend of DXPO.

San Felix, CEØX, is set for Sept. 14 - 28 with six operators.

T5TI, Somali Republic, is frequently on 15 meters at about 21.295 between 1800 and 2000 GMT.

5R8AL is now back in The Malagasy Republic and his QSL manager, our own WA4VDE, has sent him a wire to set a sked. Bill will have more info on this at the meeting.

*** DXPO ***

The reason you are getting this earlier than usual this month is to get the attached information sheet about DXPO to you. It is important to you and to the club that you pre-register before or at the next club meeting. Also, there are a number of jobs that must be done to make DXPO - 81 a success. When you are asked to help, please don't give excuses, give your best effort instead.

*** QUIZ ***

If you heard the following comments in a QSO, would you know the location of the DX station making them ?

1. "I'm on the closest French possession to the United States."
2. "Sorry Mary Ann, only the male of the species is allowed in this DXCC location."
3. "We are in Italian territory and we count as the African Continent."
4. "According to the Guinness Book of Records, I'm on the most remote spot on earth."

5. "Most of the animals here appear to be from the stone age."
6. "The primary occupation here is smuggling between France and Spain."
7. "Yes that's correct, my call sign has no suffix and I'm located near the Dead Sea."

Answers to these will be at the next meeting.

*** CONTEST ***

The September contest is an open contest for 15 meter CW with a 12 hour time limit. Your score is the number of DXCC countries worked in any 12 hour period of September on 15 meter CW. I hope that some of you "Fone Only" operators will give this a try. Remember that eight of our club members have already won and are now not eligible to win another monthly contest. They will be in the contest tho, because the points they make will go towards winning the overall contest for the year. Mail or call your score in to John - N4OE by the sixteenth day following the end of the contest.

Good Luck in the Contest.

*** CLUB QSL CARDS ***

For SEDXC QSL cards, contact Chaz Cone - W4GKF, 6900 Hunters Knoll Atlanta, GA 30328. The current prices are: 500 cards \$16.00, 1000 cards, \$28.00.

*** INFO ***

There is no "FOR SALE" or "WANTED" section in this bulletin because I received nothing to print. If you have items for sale or you are looking for that special piece of equipment at a good price, drop a note in the mail to Dave Johnson - WA4SSU, Rt. 8 Box 492A, Cumming, GA 30130. Don't call me on the fone because I'll forget it before I can get to my type-writer.

Hope to see you at the club meeting, Tuesday, August 18, 1981.

73 and Good DX,

Dave - WA4SSU
