.....  
I do not know what the program for this month will be as I have not been  
able to get in touch with Allen. So show up for the big surprise program.  
.....

This months bulletin will be a little shorter than the past ones due to the  
pressure of time. I have been having to travel more lately and have not had  
the time to get things together.

When I took this job as editor it was with the understanding that all the  
material for the newsletter would be supplied to me and all I would have to  
do is put it together and print it. This has not been the case. Those who  
were to supply monthly columns have not been sending them in and I do not  
have the time to call and remind them each month. Therefore, if the  
material is not sent to me by the 5<sup>th</sup> of the month, to give me enough time  
to get it together and printed, it will not be in the newsletter. I have  
tried to put together a good looking newsletter but I am not a writer or a  
reporter and have other things to do besides dig up material for the  
newsletter.

Many thanks to those who have supplied their part on time. From now on we  
may be back to one or two pages of newsletter.

.....  
TREASURER'S REPORT

Enclosed with this newsletter is an interim financial statement for the  
1986 club year. As per the club Constitution & By-Laws, the annual budget is  
to be reviewed and revised at mid-year. The proposed budget revision is  
included with the financial statement and will be voted upon at the August  
meeting.

A few weeks ago Carol, WI4K, put out on Dot5 that WA4BSN was on 20 meters. Some of us got to talk to Russ for a few minutes and found out he is getting settled and is back on the air. His NEW CALL IS KE7KF. So.. if you hear KE7KF on give Russ a call and check on how he is doing.

This month we are pleased to welcome some new members:

Glen Hackney, KA4GVS, of Birmingham, Al.  
 Don Hughes, KB4REO, of Tucker, Ga.

Now if you think the SEDXC is not branching out our last new member is; Ken Stevens, VK5QW, of Glenelg, Australia. We may have a little problem getting Ken on Dot5. However, if we put up our own satellite -----

Also, this month we offer our Congratulations to club member Ken Crandall, KF4CI, on his upgrade to Extra at the Atlanta Hamfest!

CQWW PLANS

How are your plans coming for the Club CQWW plan to go on an expedition? Mike, K4PI, and Wayne, KN4B, are ready to leave for Dutch ST. Maartin. They are looking for a good small amp. to take along . If you have , or know of one let them know.

Mike is also looking for any discarded beams that have bad traps or are otherwise useless to get some aluminum tube to be used for splices. Please call him if you have either of the above. 404-942-4576
