Our hats are off to Bill Schmidt, KF4CQ. He did an outstanding job taking care of the ARRL National convention!!!!!!!!!!!!!!!!!!!!!!

In the August issue of CQ magazine the SEDXC was mentioned . If you remember the March meeting we held an informal vote on the DXAC survey. CQ published our opinion much to our surprise.

Don Search gave K4TEA a list of 240 people who have 160 meter DXCC. Ten are SEDXC members!!!!!!

See August CQ magazine for the high claimed scores in the 1987 CQ WW 160 meter contest. Many SEDXC members had good scores!!!! We are awaiting the club score.....

The ARRL National Convention went very well. Bob, K4UEE, did a super job with the program.

If you want to sponsor an award plaque for the 1988 CQ WW 160 contest contact Ken Byers, K4TEA at :

DE K4PI.....

I didn't get as many tapes as I had expected for the club hamfest video. I would like to thank KN4B, K4KG, K4TEA, K4EZ, K4UEE, KB4IT, and WB4GNT for their efforts with the video taping. Hopefully we can show the tape again at a club meeting soon.

W4VQ (ex-K4IEX), from Orlando, was the winner of the "name the expedition picture contest". His prize was a year's subscription to the DX Bulletin.

If you plan to go anywhere for the CQ WW Contest, it's time to get the license and make the hotel reservations. It normally takes 6 to 8 weeks to get licenses. Mexico has opened up its reciprocal XE license again. ARRL has forms and info on any country that has a reciprocal license. If you need any help call K4UEE or K4PI.

Next month we will enclose a 6 Band DXCC tally sheet. It will be useful in keeping track of your band countries.

How about the following band country tallies for SEDXC members!!!

DXPO PLANS FINALIZED!

DXPO Atlanta '87, sponsored by the SOUTHEASTERN DX CLUB, is in high gear! Now is the time for you to make your plans to attend.

A weekend of DX fraternity, with programs and speakers selected to entertain and educate the best DXers and Contesters in the world, will start Friday evening, October 9th, with hospitality, registration and informal meetings. On Saturday, registration will begin at 8:00 AM. Programs will follow immediately and continue til around 5:00 PM. Hospitality will last until the banquet with its planned speaker, LA1EE, with his program of 3Y1EE, the first and only operation from Peter I Island. The DX buffet breakfast will begin at 9:00 AM and the Sunday programs will continue through noon.

With the anticipation that the success of DXPO '85 will increase the number of DXers attending, the DXPO committee decided NOT to increase the price, even though our expenses are considerably higher.
