

Bulletin

December 2014

From the Pres

Wey K8EAB

Four new members joined SEDXC last month.

The SEDXC welcomes (l-r): Daryl Young-K4RGK (Roswell, GA), Lori Young-K4UPI (Roswell, GA), Ed Seeliger-KD5M (Crestview, FL), Stew Tarkington-N1DQC (Atlanta, GA), and Neal Gilchrist-W4HNG (Lawrenceville, GA).

Welcome aboard, folks!

Happenings

The 2014 Christmas Holiday Party was lots of fun ... gourmet appetizers, entrees, and desserts. Gael and Chaz Cone outdid themselves once again.

Please remember to thank them via an eMail to Chaz w4gkf@chazcone.com

Veep's Report

Vaden NN4K

Last Month's Meeting

The November program took us back to earlier times in the history of the Southeastern DX Club. Ken Byers, K4TEA, and John Harden, W4NU, gave us their memories and recollections of members and activities covering a span of about 50 years. During that time a lot of skilled hams lead the club and helped produce the type of club we have today. I'm sure you saw images of members, scenes of activities and DXpeditions that you remember. History makes us appreciate the significance of the SEDXC and encourages us to continue and contribute to it's future with our best efforts.

Thanks to Ken and John for sharing their knowledge of the past which some of us missed.

This Month's Meeting

The Holiday Party at the home of Chaz and Gael took the place of our regularly scheduled monthly meeting. All who attended had a wonderful time.

Future Programs:

January we will have Dan Sullivan, W4DKS talk about *Why IOTA: The Perfect Companion to DXCC*. Are you a little bored with DXCC because you have most of what's out there? Thinking of having a yard sale for your station because you're on the Honor Roll? Looking for a new challenge? Dan's talk will no doubt spark interest in many of us with a new challenge that is fun and very rewarding. More details will be in the January Bulletin.

The Russian Robinson Club is a major innovator and supporter rare islands on the air. Check out <http://www.m0urx.com/3-M0URX/520-history-of-russian-robinson-club.html>.

From the Pres (cont.)

Thanks Chaz and Gael for your hospitality.

Monthly Meetings

Check out Vaden's column for information on the January meeting. He is always looking for topics of interest so if you run across a topic and/or speaker of interest, be sure and let him the details.

As the old song from the 40's (or 50's) goes, "This is the most wonderful time of the year." For many of us, we will join with our family and loved ones to celebrate the season. There may even be a little more time for dxing.

The SEDXC extends its Best Wishes for the Holidays to all members ... may propagation favor your antenna in the coming New Year!

SEDXC Reflector: details on webpage

SEDXC Bulletin is published monthly by the Southeastern DX Club. All opinions expressed by the contributors do not necessarily reflect those of the editor, officers, or club. All rights reserved. ❖

Veep's Report (cont.)

In February or March, a webcast program by Lee Imber, WW2DX of Remote Ham Radio (RHR) will introduce the RHR that has been developing and expanding in various parts of the USA. With covenant restrictions in their neighborhood, some hams have found this type of operation gives them the ability to chase DX or other ham radio pursuits without their residential limitations. Our program is not to sell anyone a subscription to the service. It is to provide information on how it is being done, what equipment these facilities provide, and other points of interest. Q&A period will follow the presentation.

HOW'S DX?

For summaries of DXpeditions look at:
ng3k.com/misc/adxo.html.

K1N, Navassa Island activation news is set for January 2015. Members from our SEDXC will be on the team. Congratulations to Bob, K4UEE, and his team for winning the opportunity to give us one of the most needed entities.

See you in the pileups!

Memo from the Editor

You'll notice some white space this month's Bulletin. December being a time of hectic activity (your humble servant included), there wasn't much submitted for publication this month.

This is where some of you come in. There's a tremendous amount of knowledge and experience in SEDXC. If you have something you would like to share with the members, send me something to review. I promise to try to make us both look good.

Clark WU4B ❖

DXpedition Funding Request

None at this time.
